

A republic needs  
an informed public ,  
it requires that  
all the facts are  
presented in clear  
articulate format.  
It's the  
responsibility of  
the F.C.C. to insure  
that the this ideal  
is upheld. Slanted,  
bias news as well as  
mis-information are  
the tools of a  
dictatorship, we  
expect better of our  
leaders, please  
represent the people  
in this nation by  
holding public  
hearing in each  
state, keeping them  
impartial,  
verifiable, and  
transparent debates.
